

UCLA Health Senior Care Clinic

Compassionate, expert primary care for adults 65 and older

Why Choose Senior Care as Your Primary Care Provider

At UCLA Health Senior Care Clinic, we're here to support you every step of the way on your health journey.

We provide personalized, comprehensive primary care designed specifically for adults 65 and older. From preventive services to chronic condition management, we make navigating your health easier.

Our Services

We've built our services around what matters most to you:

- **More time with your doctor** with longer appointments
- **Same-day or next-day visits**
- **Seamless coordination** with UCLA Health specialists
- **Support for caregivers**
- **Expert management of chronic conditions**
- **Memory evaluation and mobility assessments**
- **Preventive screenings and wellness visits**

“Every patient is seen as a whole person. Age and medical problems are just some parts of the picture. Knowing who each person is, what matters to them and how we can support them in that is our goal.”
